Amman, 11821 JORDAN

Amman, 20th December 2016

To whom it may concern,

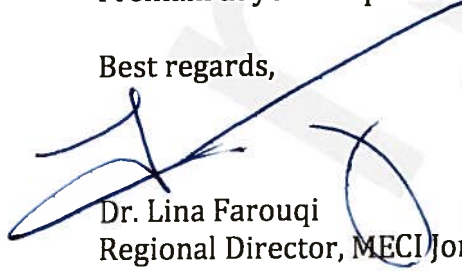

I hereby certify that Mrs. Sarah Elliott joined the Middle East Children's Institute (MECI) in Jordan as a researcher in Play Therapy, from June to December 2016.

During her time with MECI, Mrs. Elliott conducted her research on the potential impact of Play Therapy sessions onto trauma-exposed and affected Syrian refugee children, whom MECI works with in several governorates of central and northern Jordan. Mrs. Elliott performed her work with determination and sincerity, and subsequently gained first-hand experience with refugees. As we observed, Mrs. Elliott was an active and very qualified person and created positive opportunities for the children she worked with, beyond the scope of her work, engaging with our teams of officers and specialists to ensure they benefitted from a whole range of services.

Moreover, Mrs. Elliott demonstrated excellent behavior and attitude during her time with us. We found her to be motivated, devoted, professional, hard working, truthful, reliable and sociable. She was also a pleasant person to talk and work within a team. Mrs. Elliott contributed much to MECI's goals and knowledge in trauma sensitive education, and her performance has proven to be effective in our organization. We sincerely hope she will succeed in any path of career.

I remain at your disposal shall you have any inquiry,

Best regards,

Dr. Lina Farouqi
Regional Director, MECI Jordan
